PERFECT

Thousands of years ago, Our ancestors started the craft of glass blowing to use for there everyday use, This craft descended through the years till it reached our modern days, combined with today's technology we started our handcraft to help others taste the amazing Artcraft we have had for thousands of years.

"GLASSHOME" name is inspired and used to reflect that ancient Egypt was and with our help will still be the home of this amazing hand made craft.

Using our glassblowers with 30+ years of blown glass experience and combine it with modern technology machines to reach a high standard glass handmade products with suitable commercially prices.

So here we are inviting you to have a look at what we have accomplished via our product varieties that is suitable for everybody, every day.

GLASS HOME

Why we choose glass?

Glass is virtually inert and impermeable, making it the most stable of all packaging materials. There is no risk of harmful chemicals getting into the food or drinks that are packed in glass. No additional barriers or additives are needed. A glass bottle or jar is 100% pure glass.

From nature to nature!

Glass is 100% recyclable and can be recycled endlessly with no loss in quality or purity. Glass recycling is a closed loop system, creating no additional waste or by-products. Glass is one of the very few examples where the same material can be recycled over and over again without loss of quality.

TABLEWARE

COLLECTION

GLASSHOME tableware collection is a wide, highly selected range of glass products that are suitable for every day, and everybody's use.

Through our 10+ years of glass selling experiences, we have managed to put this exp. in your hands as we have made a delectable collection and develop it to present to our customers.
